OTHER.....	224
RESPIRATORY - DRUGS TO TREAT BREATHING DISORDERS.....	225
TOPICAL - DRUGS TO TREAT EAR AND SKIN CONDITIONS.....	235

# How to use this guide

Your guide includes a list of commonly used drugs covered on your pharmacy plan. The amount you pay depends on the drug your doctor prescribes. It's either a flat fee or a percentage of the prescription's price after you meet your deductible, if applicable. Preferred generic drugs cost less. Preferred brand drugs will have a higher cost.

## Your plan includes

- Brand and generic drugs that are hand-picked for their quality and effectiveness
- A specialty pharmacy that fills specialty prescriptions (ones that are injected, infused or taken by mouth) — and provides services that include personal support, helpful resources and training, and free secure home delivery
- A home delivery pharmacy that delivers maintenance drugs to your home or wherever you choose (for drugs that are taken regularly to treat conditions like diabetes or asthma)

## What you can expect to pay

With your pharmacy plan, the amount you pay depends on the drug your doctor prescribes. It's either a flat fee or a percentage of the drug's/medicine's price.

Each drug is grouped as a generic, a brand or a specialty drug. The preferred drugs within these groups will generally save you money compared to a non-preferred drug. Typically, generic drugs are less expensive than brands.

Specialty prescription drugs typically include higher-cost drugs that require special handling, special storage or monitoring. These types of drugs may include, but are not limited to, drugs that are injected, infused, inhaled or taken by mouth.

You're covered for all types of medicine — some more expensive, and some less.

- **Generic:** the lowest cost
- **Preferred brand:** a slightly higher cost
- **Non-preferred brand:** a higher cost
- **Generic Specialty:** the lowest cost for specialty drugs
- **Preferred Specialty:** lower cost for specialty drugs
- **Non-preferred Specialty:** higher cost for non-preferred specialty drugs

Your pharmacy plan may not have all the coverage levels listed above so check your plan documents to see how much you will pay.

## For your exact coverage and cost, and to learn more about your plan

Visit the website that's on your member ID card. Then log in to your account, where you can:

- Find out the coverage\* and estimate of cost for specific drugs
- View your deductibles and plan limits
- Order medications
- Check your pharmacy order status
- Get a member ID card
- View your claims, Explanation of Benefits and more.

\* Check your plan documents for coverage information. Your plan may not cover certain drugs such as infertility, erectile dysfunction, weight loss and smoking cessation.

## Have more questions about your pharmacy benefits?

We're here to help. There are several ways you can learn more about your benefits:

- Check your Plan Design and Benefits Summary in your enrollment kit.
- Call the toll-free number on your member ID card.
- Review our pharmacy frequently asked questions (FAQs) and answers. Just visit the website that's on your member ID card to search for the "Pharmacy FAQ."

## Specialty Pharmacy Network

An in-network specialty pharmacy can fill your prescriptions for specialty drugs. These are the types of drugs that may be injected, infused or taken by mouth. They often need special storage and handling. And they need to be delivered quickly. A nurse or pharmacist may monitor you during your treatment, if needed. With this type of pharmacy, you can get this medicine sent right to your home.

## How to get started with a specialty pharmacy

All specialty medications except Limited Distribution Drugs (LDD) must be filled through the UVA Specialty Pharmacy. Contact them at 1-434-297-5500. Specialty drugs are limited to a 30-day supply.

For Limited Distribution Drugs (LDD) that cannot be filled through the UVA Specialty Pharmacy, order your prescriptions through CVS Specialty Pharmacy.

- **To transfer your prescription**, just call us toll-free at **1-866-353-1892**.
- **For a new prescription**, your doctor can send it to us in one of four ways:
  - 1. Electronically:** Through e-prescribe
  - 2. Fax: 1-800-323-2445**
  - 3. Phone: 1-800-237-2767**

If you mail in your own prescription, please send it with a completed Patient Profile Form. To find this form, just visit the website that's on your member ID card, to search for the "Patient Profile Form."

## CVS Caremark Mail Service Pharmacy™

You can have maintenance drugs sent right to your home or anywhere else you choose by CVS Caremark Mail Service Pharmacy. These are drugs that are taken regularly for chronic conditions like diabetes or asthma. Depending on your plan, you can get up to a 90-day supply of medicine for less cost. It's fast and convenient, and standard shipping is always free.

## Get started right away

You can submit your order using one of these options:

- 1. Online** — Visit your secure member website and sign in to your account. There you can add or remove your prescriptions.
- 2. Phone** — Call us toll-free, 24/7 at **1-888-792-3862**. If you need the help of a telephone device for the hard of hearing, call **1-877-833-2779**.
- 3. Mail** — Get a new prescription from your doctor. Then mail it to us with a completed order form. You can find the form on your secure member website. The mailing address is on the form.

## Your doctor can submit your order using one of these options:

- 1. Online** — They can submit your prescriptions using the e-prescribe services on our provider website.
- 2. Fax** — They can fax your prescription to **1-877-270-3317**. Make sure they include your member ID number, date of birth and mailing address on the fax cover sheet. Only a doctor may fax a prescription.

# Frequently asked questions

## How can I save on prescriptions?

Here are some tips to pay less out of pocket for your prescription drugs:

- Ask your doctor to consider prescribing drugs that are on the Pharmacy Drug Guide (formulary).
- Ask your doctor to consider prescribing generic drugs instead of brand-name drugs.
- Our home delivery pharmacy may save you money. For more information, visit the website on your member ID card and log in to your account.

## What are generic drugs?

Generic drugs are proven to be just as safe and effective as brand-name drugs. They contain the same active ingredients in the same amounts as the brand-name drugs and work the same way. So they have the same risks and benefits as brand-name drugs. However, they typically cost less.

When appropriate, your doctor may decide to prescribe a generic drug or allow the pharmacist to substitute a generic drug.

## What is precertification?

Precertification is one way that we can help you and your doctor find safe, appropriate drugs and keep costs down. Precertification means that you or your doctor need to get approval from the plan before certain drugs will be covered. Generally, precertification applies to drugs that:

- Are often taken in the wrong way
- Should only be used for certain conditions
- Often cost more than other drugs that are proven to be just as effective

Keep in mind that your doctor must contact us to request approval of coverage for these drugs.

## What is step therapy?

Some drugs require step therapy. This means that you must try one or more prerequisite drug(s) before a step therapy drug is covered.

The prerequisite drugs have U.S. Food and Drug Administration (FDA) approval and may cost less. They treat the same condition as the step therapy drug.

If you don't try the appropriate prerequisite drug first, you may need to pay full cost for the step-therapy drug.

## What are quantity limits?

Quantity limits help your doctor and pharmacist make sure that you use your drug correctly and safely. We use medical guidelines and FDA-approved recommendations from drug makers to set these coverage limits. The quantity limit program includes:

- **Dose efficiency edits** — Limits prescription coverage to one dose per day for drugs that have approval for once-daily dosing
- **Maximum daily dose** — If a prescription is lower than the minimum or higher than the maximum allowed dose, a message is sent to the pharmacy
- **Quantity limits over time** — Limits prescription coverage to a specific number of units over a specific amount of time

## What if I need a drug that requires an exception to the precertification, step therapy or quantity limits requirements? Or what if I need a drug that's not covered under my plan?

In certain cases, you or your prescriber can request a medical exception to the precertification, step therapy or quantity limits requirements or for a drug that's not covered on your plan. You can ask for your request to be expedited. Expedited coverage decisions are made within 24 hours.

We'll then contact you or your prescriber with our decision. All medically necessary outpatient prescription drugs will be covered. If a medical exception is approved, you only need to pay the copay after the deductible. This amount is based on your pharmacy plan design.

## How can your provider request a medical exception?

- Submit their request through our secure provider website on [www.availity.com](http://www.availity.com).
- Call the Aetna Pharmacy Precertification Unit: Non-Specialty **1-800-294-5979** or Specialty **1-866-814-5506**.
- Fax the completed request form to: Non-Specialty **1-888-836-0730** or Specialty **1-866-249-6155**.
- Mail the completed request form to:  
Aetna Pharmacy Management  
1300 East Campbell Road  
Richardson, TX 75081

## Pharmacy and Therapeutics (P&T) committee

The services of an independent National Pharmacy and Therapeutics Committee (“P&T Committee”) are utilized to approve safe and clinically effective drug therapies.

The P&T Committee is an external advisory body of clinical professionals from across the United States. The P&T Committee’s voting members include physicians, pharmacists, a pharmacoeconomist and a medical ethicist, all of whom have a broad background of clinical and academic expertise regarding prescription drugs.

Voting members of the P&T Committee are not employees of CVS Caremark and must disclose any financial relationship or conflicts of interest with any pharmaceutical manufacturers.

## Can the formulary change during the year?

The formulary can change throughout the year. Some reasons why it can change include:

- New drugs are approved.
- Existing drugs are removed from the market.
- Prescription drugs may become available over the counter (without a prescription). Over-the-counter drugs are not generally covered in a formulary.
- Brand-name drugs lose patent protection and generic versions become available. When this happens, the generic drug will be covered in place of the brand-name drug. The brand-name drug is likely to become non-formulary or covered at a higher cost. See the “What are generic drugs?” section above for more information.

## **Commercial 1557 Nondiscrimination Notice**

Aetna complies with applicable Federal civil rights laws and does not discriminate, exclude or treat people differently based on their race, color, national origin, sex, age, or disability.

Aetna provides free aids/services to people with disabilities and to people who need language assistance.

If you need a qualified interpreter, written information in other formats, translation or other services, call the number on your ID card.

If you believe we have failed to provide these services or otherwise discriminated based on a protected class noted above, you can also file a grievance with the Civil Rights Coordinator by contacting:

Civil Rights Coordinator,  
P.O. Box 14462, Lexington, KY 40512 (CA HMO customers: PO Box 24030 Fresno, CA 93779),  
1-800-648-7817, TTY: 711,  
Fax: 859-425-3379 (CA HMO customers: 860-262-7705),  
[CRCoordinator@aetna.com](mailto:CRCoordinator@aetna.com).

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or at:

U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, or at 1-800-368-1019, 800-537-7697 (TDD).

Remember to visit the website on your member ID card.  
Then sign in to your account for the most up-to-date information.

Please note that if your prescription drug benefits plan changes, the information here may no longer apply.

Medications on the Aetna Drug Guide, precertification, step-therapy and quantity limits lists are subject to change.

Not all health services are covered. Your plan may not cover certain drugs such as infertility, erectile dysfunction, weight loss and smoking cessation. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

The drugs on the Pharmacy Drug Guide (formulary), Formulary Exclusions, Precertification, and Quantity Limit Lists are subject to change. The quantity limits and step therapy drug coverage review programs are not available in all service areas. However, these programs are available to self-funded plans.

In accordance with state law, commercial fully insured members in Louisiana and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added or removed from the Pharmacy Drug Guide (formulary), Precertification, Quantity Limits or Step-Therapy Lists during the plan year will continue to have those medications covered at the same benefit level until their plan's renewal date. In Texas, precertification approval is known as "pre-service utilization review." It is not "verification" as defined by Texas law.

In accordance with state law, certain fully insured commercial California members (except Federal Employee Health Benefit Plan members) who obtained approval from an Aetna plan for coverage of drugs that are later added to the Preauthorization or Step Therapy Lists or removed from the Pharmacy Drug Guide will continue to have those drugs covered, for as long as the treating in-network provider continues prescribing them, provided that the drug is appropriately prescribed and is considered safe and effective for treating the enrollee's medical condition. Aetna reserves the right to periodically request clinical information from your provider to assess your medical condition and the appropriateness of your ongoing treatment. Failure to provide clinical information could result in subsequent denial of coverage for this medication.

In accordance with state law, fully insured Commercial Connecticut preferred provider organization (PPO) members (except Federal Employee Health Benefit Plan members) who are receiving coverage for drugs that are added to the Precertification or Step-Therapy Lists will continue to have those drugs covered for as long as the prescriber prescribes them, provided the drug is medically necessary and more medically beneficial than other covered drugs. Nothing in this section shall preclude the prescribing provider from prescribing another drug covered by the plan that is medically appropriate for the enrollee, nor shall anything in this section be construed to prohibit generic drug substitutions.

In certain states, including Arkansas, Colorado, Connecticut, Delaware, Georgia, Illinois, Louisiana, Maryland, Minnesota, North Dakota, Pennsylvania and Texas, step therapy programs do not apply to fully insured members utilizing prescription drugs for the treatment of stage-four advanced, metastatic cancer.

This material is for information only. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. Information is subject to change. CVS Caremark Mail Service Pharmacy is part of the CVS Health family of companies.
