## Flexible Benefits Solutions

### Why should I choose a Dependent Care Flexible Spending Account (FSA)?

Dependent Care FSA is a benefit that allows you to choose how much of your paycheck you'd like to set aside, before taxes are taken out, for eligible dependent care expenses each year. The Dependent Care FSA lets you pay for eligible dependent care expenses while you reap the benefits of additional tax savings. You're spending the money either way. This way, eligible childcare and other dependent care costs are a little less.\*

*\*Based on a 30% tax bracket.*

The IRS sets the maximum dollar amount you can elect and contribute to a Dependent Care FSA. The annual contribution limit is:

Per household - **\$5,000**; Per person (if married or filing separately) - **\$2,500**

### Funds available as you contribute.

Funds will be available to you as they are deducted from your paycheck and contributed to the plan. This means when payroll is processed and your paycheck is available to you, your Dependent Care FSA contributions will be applied to your account and available for reimbursement.

### Use-or-lose.

Don't forget to spend your Dependent Care FSA dollars. If you have not used all of your Dependent Care FSA dollars before the end of the plan year, you will forfeit any money left in your account. Check with your employer to confirm how many days you have to submit claims for reimbursement after the plan year ends.
